

A gift they will love

Your personal gift planner

Start with the person, not the shop window. Fill in this page before buying and keep only the ideas that suit them.

01 About the recipient

Who is it for? _____

What are their interests and favorite things to do?

Do they have a wishlist? What should you avoid?

02 Your budget and three ideas

Total budget, including wrapping and delivery: _____

Exchange date: _____ Order by: _____

Idea 1 / price: _____

Idea 2 / price: _____

Idea 3 / price: _____

03 Before you buy

☐ The gift reflects their interests, not just mine.

☐ I have checked size, compatibility or preferences where needed.

☐ I have allowed for delivery costs and time for returns.

☐ The wrapping and a short personal note are ready.

If you cannot choose between two gifts, return to the recipient's interests. A higher price does not automatically make a gift more personal.
